## HE WILL NOT SHRINK FROM RETALIATION

Mr. Balfour Indorses New South Wales' Telegram.

LONDON, June 18.—In the course of questions regarding the new fiscal proposals in the house of commons yesterday, the liberal leader, Sir Henry Campbell-Bannerman, raised a debate on the dispatch sent by Vice Admiral Rawson, governor of New South Wales, to the colonial secretary, Mr. Chamberlain. The governor expressed his support of the secretary's preferential trade proposals and concluded with an expression of the satisfaction of the government of the colony "at the declaration by the British government that every self-governing colony shall be secured the free exercise of its right to enter into closer trade relations with the mother country."

The premier of New South Wales, Sir Henry pointed out, has since telegraphed that the "declaration" which is referred to in his dispatch was contained in the speeches of Mr. Balfour and Mr. Chamberlain, and the liberal leader invited the premier to telegraph to the government of New South Wales "a correction of its misapprehension."

Mr. Balfour replied that he had nothing to withdraw or to modify in the speech referred to. With regard to preferential trade the cabinet was at one with the government of New South Wales in desiring a thorough investigation. He denied emphatically that the government had raised any false hopes in the colonies. He would not shrink from retaliation if he were satisfied that there was no other method.

## MR. MORGAN SAILS ON THE OCEANIC

LONDON, June 18.—J. Pierpont Morgan sailed yesterday on the Oceanic for New York, in conformity with arrangements which he made at least ten days ago. Several relatives and friends, the latter including Seward Webb and P. A. B. Widener, were at Euston Station to wish the financier bon voyage, but his party, which gathered around the last car on the boat train, was by no means so numerous as that of Sir Thomas Lipton's well wishers at the front. Mr. Morgan looked well and rested.

## THREE HELD FOR JEWEL ROBBERY

NEW YORK, June 18.—Three prisoners are held at police headquarters in connection with a jewel robbery committed at 285 Fifth Avenue. Detective McCafferty, who made the arrests, says that the amount involved is about \$4,500 or \$5,000, but more than that he would not tell. It is believed that still more arrests are to follow, and for that reason the detective bureau will not give out information concerning the robbery. From whom the jewels were stolen none will say.

## JOHN MITCHELL IS SUED FOR \$200,000

SCRANTON, Pa., June 18.—Before leaving Scranton for his home, in Indianapolis, John Mitchell, president of the United Mine Workers, was made defendant in a suit for \$200,000, claimed by Mr. Wiehl, an attorney of Binghamton, for the "appropriation" of his plan of settling the great strike. Mr. Mitchell, accompanied by his attorney, James Lenahan, entered an affidavit of defense before Alderman Millar, of this city. The Binghamton claimant was represented by John Irving. This lawyer declares his client was the sole originator of the plan by which the strike was settled, and that his ideas were used by President Roosevelt in the appointment of the strike commission. Wiehl also alleges that he was in the employ of the United Mine Workers, and that his claim has a substantial basis.

## SENATOR HANNA AIDS PITTSBURG STRIKERS

PITTSBURG, Pa., June 18.—Senator Hanna has written a letter to the Harbison Walker Brick Factories Company regarding the strike of its employees. The senator's influence was obtained by the workers through their national president, Charles Hank, of Chicago, who asked the senator to lend his aid in bringing about a settlement of the strike. The contents of the letter have been kept secret by the company, but S. C. Walker, its president, announced yesterday that he would answer it, giving the company's side of the matter. The firm has heretofore opposed outside interference in the management of its business and has refused to treat with representatives of organized labor.

## HEBREW SOCIALISTS BEATEN BY COSSACKS

BERLIN, June 18.—The "Tagblatt," in mail advices from Lodz, Russian Poland, gives an account of disturbances there on Monday last. About 5,000 young workmen, Hebrews, paraded the streets in an orderly manner, but as a socialist demonstration. The police, in view of the number of those engaged, called on the Cossacks for assistance, and then the police and the Cossacks charged the workmen, beating them with the flat of their swords and with their fists. It is reported that ten young men were beaten to death, and that of the hundred who were arrested all were seriously wounded. Surgeons worked for five hours sewing up wounds after the fury of the police had been spent.

## COMPLETE LOCKOUT IN BUILDING TRADE

NEW YORK, June 18.—Ten thousand employees of the Geo. A. Fuller Construction Company were thrown out of work yesterday by order of the company, thus making the lockout in the building trades complete. While not joining the Employers' Association in membership, the Fuller Company took this sympathetic action on the same ground as those maintained by members of the association. The 150,000 laboring men who are idle because they are members of buildings trades unions have been served with the ultimatum of the combined contracting contractors.

## "GUILTY," SAYS JURY IN THE AMMON CASE

Miller's Former Counsel May Receive Five Years.

NEW YORK, June 18.—After less than an hour's deliberation yesterday afternoon the jury that had heard the testimony in the case of Col. Robert A. Ammon, the lawyer charged with receiving \$30,500 from the Franklin Syndicate swindle, returned a verdict of guilty. As Ammon was led in from the Tombs to hear the verdict announced it could be seen that he had steeled himself for the ordeal, but when John W. Henry, the foreman, arose and said, "We find the defendant guilty as charged in the indictment," a tremor ran through his frame. He took a deep breath and came near swallowing a piece of tobacco which he was masticating. Then he straightened up and looked on with a sneer as the jury was polled at the request of his lawyer.

The maximum penalty for Ammon's offense is five years in State prison, the minimum punishment six months in the penitentiary and a fine of \$250.

## TOYING WITH A PISTOL, SHE SHOOTS A MAN

ST. PAUL, Minn., June 18.—L. Thomas, an employee of the Prouty Commission Company, of South St. Paul, was accidentally shot in the face at the Fischer Hotel in South St. Paul. Thomas was standing in front of the house talking with Mrs. Fischer when a shot was fired from within. He was struck in the right cheek, the shot passing out below the left ear. He was severely shocked and fell to the ground. Kate O'Rourke, a domestic of the house, came rushing out, bearing in her hand a revolver. She rushed to the fallen man and in apprehension explained that she had discharged the weapon accidentally.

## CORNELL ABOLISHES FORESTRY COLLEGE

ITHACA, June 18.—At the annual spring meeting of the board of trustees of Cornell University yesterday, all former resolutions touching the site of the proposed Rockefeller Hall of Physics were rescinded, and the site finally chosen is immediately east of Lincoln Hall. A plot of twenty-five acres adjoining the campus was granted for a university playground, and thirty acres of land immediately east of the playground was given for an athletic field. The following action was taken regarding the Forestry College, the appropriation for which was vetoed by Governor Odell. "Owing to the failure of the State to appropriate means for the support of the College of Forestry, established by the State at Cornell University, instruction in that college is hereby suspended until ways and means are provided therefor by the State, and that all appointments to the instruction force, including the appointment of the director, be vacated."

## DISTINGUISHED MEN AT PHILLIPS ACADEMY

EXETER, N. H., June 18.—Phillips Academy never before had so many distinguished men within her limits as yesterday when the one hundred and twentieth annual commencement exercises were held. More than five hundred of the alumni have returned for reunions, and the guests include President Charles W. Eliot, of Harvard; President William E. Tucker, of Dartmouth; Governor Bachelder, of New Hampshire, and Senators Gallinger and Burnham, of New Hampshire. Among the prominent alumni were ex-Governor Stickney, of Vermont; Robert T. Lincoln, of Chicago; Francis Rawley, of Philadelphia; Prof. Woodberry, of Columbia University; the Rev. William De Witt Hyde, of Bowdoin, and Dean Langdell, of the Harvard Law School.

## IN A RUNAWAY ON A LOAD OF DYNAMITE

CRIPPLE CREEK, Col., June 18.—Lee Wicks had a marvelous escape from death. He had come to Cripple Creek for a consignment of giant powder and had loaded his wagon with 800 pounds. When near the top of Tenderfoot Hill the horse became frightened and started down the mountain side. Wicks saw his danger, but as the boxes contained the powder he dared not jump for fear that the moment he landed an explosion might occur. He held on to the lines. When the last box fell Wicks rolled out of the back of the wagon. The horse a few moments later fell and broke its neck. That none of the powder exploded seems little short of a miracle. The horse was a valuable one.

## MAN SAYS VACCINE KILLED HIS CHILD

BUFFALO, June 18.—Homer E. Sturdevant, of this city, in a complaint in an action to recover \$25,000 damages from the city of Buffalo, its board of health and Drs. Alfred B. Wright and Edwin L. Beebe, charges that the compulsory vaccination of his little girl, Lucille, six years old, by the physicians caused the death of the child. The physicians are employed by the city, and vaccinated the little one in the course of their duty in enforcing the provisions of the compulsory vaccination law. The case came before Justice Childs yesterday on a demurrer to the complaint, the defendants alleging that the members of the board of health must be sued individually, and, besides that, the facts stated in the complaint do not constitute a case of action.

## BLUE AND GRAY WILL GATHER AT GETTYSBURG

GETTYSBURG, Pa., June 18.—The fortieth anniversary of the battle of Gettysburg the first three days of July will be the occasion of a big celebration here. It is estimated that 10,000 veterans and their families will visit this historic field on this occasion. July 3, the anniversary of the last day of the battle, there will be a grand reunion of the blue and the gray. A number of noted Confederate and Federal officers will be present and make addresses.

## DR. LORENZ BRINGS BREATH BACK TO BOY

Anesthetized Child Saved by Swif, Vigorous Work.

ROCHESTER, N. Y., June 18.—The practice of surgery is seldom attended with more dramatic incidents than was the case yesterday afternoon, while Dr. Adolph J. Lorenz was conducting a clinic before physicians and surgeons of western New York at the City Hospital. Allan Nichols, eight years old, had been placed on the operating table for treatment for a club foot. An anesthetic had been administered and the spectators were looking on eagerly. Dr. Lorenz, who had begun the operation, suddenly noticed that the boy had ceased to breathe. In a flash he had tossed aside the covering and begun the manipulations usual for the resuscitation of the drowned. Swiftly and vigorously he worked, while the spectators stood spell-bound and helpless.

One, two, three minutes passed, the doctor masterful and active, the spectators, skilled physicians themselves, motionless and aghast. Then the doctor said quietly, "The little man is all right now," and discontinued his efforts. Then arose such a shout of relief and encouragement as probably never before came from a crowd of professional men assembled for such a purpose.

## SOLD WIFE FOR \$1 AND FIVE BOTTLES OF BEER

PITTSBURG, June 18.—A wife for \$1 and five bottles of beer was the trade John Matky, of Beaver Avenue, Allegheny, is said to have effected with John Beach, also of Beaver Avenue. Both men are Slavs, and Matky sold his wife to Beach for the above consideration, it is said. After Matky had consumed the five bottles of beer and expended the \$1 in other liquid refreshments, he began to think. It suddenly dawned upon him that he had sold his wife too cheaply, and he started out to find Beach. He met Beach on Beaver Avenue and demanded his wife. Beach refused, it is said, to return the woman he had purchased at a bargain sale, and then Matky lit into him. The men were in the thick of a fast and furious mill when an officer came along and took them to the police station.

## SAY BOY WAS CAGED WITH A MONKEY

ST. LOUIS, June 18.—P. J. Mundy, of the Gaskill-Mundy Carnival Company, and Sylvester Baker, a negro employee, were arrested by the East St. Louis police, and are now held under bonds on a charge of kidnapping the six-year-old son of Mike Leydon, a former member of the East St. Louis Fire Department.

The boy was found in the camp of the show company, but the manager asserts that no attempt was made to kidnap him. The negro alleges that he simply cared for the little fellow out of kindness. The boy's parents asserted that he was kept in a cage with a monkey, and exhibited scratches on his arms and legs which they asserted were made by the monkey. This charge the circus people deny and say they will have no difficulty in disproving it.

CHRISTIANIA, Norway, June 18.—The whaling ship Gjosa, with Captain Amundsen's magnetic North Pole expedition on board, sailed at midnight Tuesday. The expedition has been characterized as the most important in the domain of terrestrial magnetism. It is planned to take a route never before attempted, and if Captain Amundsen is able to follow the course projected, it will take him almost directly across the Pole.
